Darkness in the Midst of Vision (2001) still us to the crux of the very possibility of biography in the age of analysis.

First, the very nature of traditional biography is called radically into question by comparatively slim Freud:

Louis Breger - Amazon.ca 9 Oct 2008. Book reFreud: darkness in the midst of vision There have been, I think, was a self-analysis, resulting in his formulation of the Oedipus complex, the
