Palestinian prisoners arrested in the Occupied Palestinian Territories in prisons inside Israel is a flagrant means of punishing prisoners and their families, and ensure that conditions fully observe the law that prohibits transfer of detainees out of an occupied territory. Report of the Special Rapporteur on the situation of human rights in the Palestinian territories occupied since 1967 to visit occupied Palestine, and an Israeli policy of detention without trial Israel said the move by the prisoners, many of whom were convicted of all serious charges, used to express their protest of prison conditions, administrative detention and restrictions on family contacts.

Palestinian women prisoners - Freedom Archives May 1, 2017.

The situation in the occupied territories has been particularly tense over the last year, with a record number of prisoners held in Israeli jails. The International Red Cross has noted that access to the Occupied Palestinian Territory is a serious obstacle for humanitarian organizations seeking to provide assistance to prisoners..

On Palestinian Prisoners Day, a letter from the heart International Apr 27, 2017.

Over 1000 Palestinian prisoners have refused food for nearly two weeks to protest their conditions in Israeli prisons. The Palestinian Prisoner Solidarity Network said that the prisoners are demanding the release of those on administrative detention, an end to solitary confinement, and the right to meet with lawyers and family members.

Amnesty International works to stop Israel/Occupied Palestinian Territories human rights violations and to improve the conditions of prisoners. The organization has issued several reports on the situation of Palestinian prisoners in Israeli jails, highlighting the use of administrative detention and lack of access to legal representation.

Israel deports and incarcerates administrative detainees out of an occupied territory. Report of the Special Rapporteur on the situation of human rights in the Palestinian territories occupied since 1967 to visit occupied Palestine, and an Israeli policy of detention without trial Israel said the move by the prisoners, many of whom were convicted of all serious charges, used to express their protest of prison conditions, administrative detention and restrictions on family contacts.

Amnesty International works to stop Israel/Occupied Palestinian Territories human rights violations and to improve the conditions of prisoners. The organization has issued several reports on the situation of Palestinian prisoners in Israeli jails, highlighting the use of administrative detention and lack of access to legal representation.

The report said Palestinian prisoners were held in poor conditions in Israeli jails, including overcrowding, lack of medical care, and inadequate living conditions. The prisoners are also subjected to administrative detention, which allows Israel to imprison individuals for months or years without charge.

Palestinians hold general strike in support of hunger-striking prisoners Jun 27, 2015.
